Garden Talks are Features Of Civic Club Meetings

Pointers on How to Make Success of Vegetables and Flowers Are Given by Speakers—Spelling Match Held.

Interest at the civic club meetings held Friday night was centered on the organization of Home Garden clubs. At the social center meeting held at the Muesel school such a club was formed with a membership of 20 and the officers elected were Ralph Smith, president; W. A. Bertsch, vice president; Mrs. Bertha Shaw, secretary. At the Perley school a similar club was formed with Mr. Bloomer, chairman; Mr. Hersey, vice president; Mrs. Wise, secretary. Arrangements were made for the formation of a club at the Oliver school and plans were laid at the Colfax school for the organization of a home garden club at the next meeting of the civic club on April 23.

County Agent Bordner spoke on home gardening at the Muesel school Parents-Teachers' association Friday night. He illustrated his talk by means of slides showing what the home garden work had accomplished for the children of employees of the National Cash Register Co. at Dayton, O., which company had started the work for that purpose. Bordner explained in detail the plan of the work as it is being developed in South Bend.

The Perley Meeting.
At the Perley school Bruno Nehrling also spoke on home gardening. He told of the work from the viewpoint of the landscape gardener and pointed out how gardens should be arranged to secure neatness and beauty. He gave instructions as to the best care of lawns which are to be entered in the lawn contest which is to be carried on during the summer.

Following this address there was a spelling match between the children of the employees of the National Cash Register Co. and the children of the employees of the Muesel school.

The members of the Music Teachers' association are requested to be present at the meeting at the Chamber of Commerce Sunday afternoon at 5 o'clock, by order of the president.

The widows and single women of Aulen W. R. C. will entertain at a thimble in the old court house March 30. Both members and friends are invited to attend.

Announcements

IS YOUR NAME IN THE LIST BELOW?

If it is, you are invited to the next News-Times Birthday Party. Trips to all theaters and refreshments will be on the program.

The News-Times has compiled a list of all school children in both the public and private schools of South Bend and Mishawaka. These names were taken from the best records obtainable, and if the name of some boy or girl was left out, we feel that we are not to blame.

These names will appear regularly in the News-Times. Today we publish the names of all school children whose birthday falls on this date. Tomorrow we will publish a list of children whose birthdays occur tomorrow, and so on, until, we hope, every school child in South Bend and Mishawaka has received a Birthday Party ticket.

Besides publishing the names of children whose birthdays occur on the date of issue of the paper, we will each day publish the names of at least five children whose birthdays fall some time in the future. These names will also be published on the date of their birthday, so we advise a careful watch kept on the daily announcements, as these children will receive two treats. The names of the lucky ones are taken at random and there will be absolutely no favoritism shown.

It is not necessary that the child's parents be subscribers to the News-Times, as there is absolutely no obligation attached to this offer.

The Birthday Party ticket entitles the holder to admission to the Orpheum, Majestic, Lasalle, Surprise and Colonial theaters, also a treat at the American drug store. Children living ten or more blocks from the office will receive a return car ticket home.

Must Help Foreigners.
At a joint meeting of the Parents-Teachers' club and the civic club of the Colfax school an address on "The Leaky in the Melting Pot" was delivered by Rev. Victor von Kunitz, of the Hungarian Episcopal mission.

The speaker held that Americans made a mistake when they did not become more intimate with the foreigners. In his opinion much good could be accomplished if this tendency to aloofness could be overcome and he pleaded that the civic clubs broaden the scope of their work by getting into closer contact with the foreigners of the city. He declared that the best efforts of many of the foreigners was being wasted because they felt themselves strangers in a strange land and were timid in approaching the Americans.

The speaker pointed out that in South Bend there are 12,000 uneducated foreigners the most of whom were willing and anxious to accomplish better things if they could only become acquainted with American ways.

It was pointed out that a great opportunity lay before the women of the civic clubs who would be willing to meet the foreigners in their homes and aid them to understand the duties as well as the privileges which they had in the new country. The speaker praised the schools of the city and country which were giving the foreigners advantages which they would never have known in their native lands.

In the Studebaker metallographic department a piece of steel is cut off, burnished, and then photographed 100 times larger than it really is. The strength and character of the steel is shown by the grain. It is also tested in other ways, such as chemically and in machines that measure breaking and pulling forces.

A Studebaker motor casting is tested under compressed air and under water of 75 pounds pressure.

CAN'T FIND DANDRUFF
Every bit of dandruff disappears after one or two applications of Danderine rubbed well into the scalp with the finger tips. Get a 25-cent bottle of Danderine at any drug store and save your hair. After a few applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch.—Adv.
